

If you want to be happy, then you must create your own happiness.

Philippians 4:8 NIV

Finally, brothers and sisters, whatever is true, whatever is noble, whatever is right, whatever is pure, whatever is lovely, whatever is admirable---if anything is excellent or praiseworthy---think about such things.

If you want a happy life, then you need to learn to let go of some things and take hold of others. We all need to let go of many things in life to take hold of remarkable happiness. But it is vital for you to learn how to let go of seven negative things and take hold of seven positive things as written below. By doing so, it will take your feelings of happiness and fulfillment to a whole new place.

If you are sick of the harvest that you are reaping, then you have to change the seeds that you are sowing. And you can't reap a positive harvest if all you are sowing is negative seeds, no matter how much you don't want that fact to be true.

You will reap what you sow and you will reap it in a multiplying fashion, whether negative or positive, because the harvests you reap are always much, much bigger than the small seeds that were sown.

NEGATIVES	POSITIVES
1. Let go of complaining	Take hold of being thankful and showing gratitude
2. Let go of blaming	Take hold of accepting responsibility for your today and planning for your tomorrow, no matter what happened in your yesterday
3. Let go of living in the past	Take hold of looking forward to a great future of optimism
4. Let go of man pleasing	Take hold of living to please God
5. Let go of needing to always be right	Take hold of learning from and loving others who believe differently than you do
6. Let go of negative talk about yourself	Take hold of positive talk about yourself.
7. Let go of negative talk about others	Take hold of building others up in a positive way and becoming an encourager

Never forget that the Law of The Harvest is "You always reap more than you sow".
